

EV Charger User Agreement

1 Charging Infrastructure

- All installations comply with applicable electrical and safety regulations.
- Chargers are: Type 2 connectors rated at up to 7.4 kW

2 Access and Usage

- Charge points are for **employees, approved contractors, and registered users only**.
- The network is **private and not available to the public**.

2.1 Registration

- On acceptance to this user agreement, registration is via EV Online
- A GKN email address is preferred where possible

2.2 Important Notes

- Charging data is recorded in line with regulatory requirements
- Charging availability is not guaranteed, users should not rely on workplace charging as their primary energy source
- Use of facilities is **at the user's own risk**

3 Charging Etiquette

To ensure fair and safe use:

- Only vehicles **actively charging** may occupy EV bays
- Do not use bays for parking
- Vacate when charging is complete
- Avoid charging unnecessarily
- Priority is given to company vehicles

3.1 Equipment & Safety

- Users must provide compatible charging cables and check cables before use
- Cables should be positioned safely to minimise trip hazards
- Users are responsible for safe connection / disconnection

3.2 Conduct

- Do not unplug active sessions without permission
- Respect other users, abusive behaviour will not be tolerated

GKN reserves the right to restrict access for non-compliance.

Non-adherence to this agreement may lead to access restrictions or other sanctions in line with business policy

4 Charging Costs and Payment

- Users pay per kWh consumed (no connection fee)
- Tariff: **10p per kWh**

5 Problems

- Please report problems with chargers to the facilities helpdesk on 0117 317 6910
- Report misuse of charging bays to TSG.TSG@GKNAerospace.com
