

Filton Wellbeing Scheme

Employees are able to claim up to £150 per year for, or towards the cost of, an employee Wellbeing provision. The intention behind it is to encourage and support employees seeking to develop healthy lifestyles and pursue preventative health initiatives. Employee can make a maximum of two wellbeing claims up to a total of £150 per calendar year, multiple items can be included in each claim, e.g. a cycle helmet and a pair of football boots could both be in the same claim. Any item purchased must be for and used by the employee.

Employees can be reimbursed for goods and services that facilitate and support staff in seeking to improve their general health and wellbeing in physical and psychological terms. This list is not exhaustive and staff should be referred to HR with any queries relating to eligibility of products or services prior to purchase. Payment will not be made towards the cost of holidays, hobbies unrelated to physical or mental wellbeing or anything else which is not directly health or wellbeing related. Please note that the Director of HR will have the final decision on the approval of payments where necessary.

Physical Fitness & Activity:

1. Sports clothing (e.g. walking boots, running shoes, sports garments, protective equipment)
2. Sports equipment (e.g. weights, exercise machines, racquets, heart rate monitors, GPS, cycling helmets)
